

Distance Learning Guidelines for Upper School Students

- Your teachers are working to create a distance learning experience for this awesome and unique group of students that will engage and keep you on track with grade-level curriculum.
- Although we cannot replicate the classroom environment, each teacher will maintain expectations of each student to “show up” and participate in this new learning format. Teachers understand that sometimes assignments may pose challenges and all we ask you to do is to communicate with your teacher or advisor and not fall off the radar. Remember the goal is to keep you engaged and on target for grade-level expectations.
- We are aiming for a minimum of 3.5 hours of school work each day. Please see the schedule on the grade-level LaunchPad page:
 - [6th grade](#) (scroll down a bit)
 - [7th grade](#)
 - [8th grade](#)
- With that in mind, we know students need different amounts of time to complete work. Please read the guidelines for each assignment that will be posted at 9 am on Monday morning on [LaunchPad](#). Note that other assignments might be posted by 9 a.m. in the mornings, so make it a habit to check it and always write assignments in your planner.
- Please use your mandatory advisory periods to check in with your advisor and the rest of your advisory group to talk about how things are going and most importantly to just say, “Hi!” If you can’t make the scheduled meeting time, a parent/guardian must email your advisor.

- Some of you have been asking for online meetings of clubs. We're working on this, and thanks for your patience!

We are missing you all and can't wait to see you!
